

The last several weeks, days, and hours have been testing for all of us, even more so for the elderly and those with compromised immune systems.

AlterG is committed to the health and safety of our customers, employees, and the communities we serve. As a result, we are closely monitoring the situation within California and abroad and taking the necessary precautions as laid out by the CDC.

As of today, AlterG will continue to operate on a minimized scale and capacity for the foreseeable future. We will do our utmost to be there for our customers, and we thank you in advance for your patience and understanding as we navigate through these unique and uncertain times.

Please don't hesitate to contact us should you have any questions via email at info@alterg.com or on our main line at (510) 270-5900.

We hope you and your loved ones are staying safe and following the policies and procedures of your respective local authorities and the CDC to combat and minimize the spread of COVID-19.

All the best,
AlterG
